LEARN WITH THE MASTERS

Take your love of chess to Morocco with the Chess Masterclass Weekend from 4 to 8 May 2017. Following on from its first event in October 2016 (hosted by British Grandmasters Nigel Short and Stuart Conquest), guests on the second weekend will be joined by five-times world champion Vishy Anand and 2008 British Champion Stuart Conquest.

Guests on the chess retreat will stay at Ezzahra, a private estate of three luxury villas in Marrakech, on an all-inclusive basis including spa and beauty treatments, chess classes, meals, airport transfers and local wines.

Over the four-night stay, experienced players, who are members of clubs and play tournaments, can benefit from top flight instruction and beginners can have tuition sessions geared to their level of experience. All guests will have real game analysis and the opportunity to play against some of the best players in the world.

Outside of the villas, visits to the grand souk, shopping trips and a tour of the Majorelle Garden can be arranged, too.

£2,400 per person, £500 for non-chess playing partners,
